HiPP Stage 1 Organic BIO Combiotik Formula (600g) - German

Age: From 0-6 Months

Yield: Approximately 157oz of Formula

HiPP BIO Combiotik Stage 1 is the newly released version of HiPP 1 German. This updated version of the product is recognizable by white droplet with the molecular honeycomb design. Besides minor changes to the packaging, this new formulation has Metafolin, which has far superior bioavailability than the the standard synthetic folates used in other baby formula brands (Read more here: https://tinyurl.com/hippmetafolin). HiPP Combiotik Stage 1 is a nutritionally complete, whey-based, infant formula that is specially formulated using the finest organic milk. This formula is suitable from birth onwards for babies that are not being breastfed or to complement breastfeeding. It has all the components that baby needs to grow strong and healthy, such as iron, vitamins A, C, and D. Omega 3 and 6 LCPs (DHA & ARA), which are naturally found in breast milk, are long chains of polyunsaturated fatty acids that help baby with her brain and eye development. This formula also contains Prebiotics and Probiotics, which promote general gut health and a healthy immune system.

- ✓ Probiotics based on strains found in human breastmilk
- ✓ Vitamins A, C, D for baby's immune system.
- ✓ Prebiotics improve gut health and help prevent constipation
- ✓ DHA for brain & eye development

- No corn-based sweeteners
- No gluten ✓ No GMOs
- ✓ No maltodextrin
- ✓ Certified organic by EU
- Now with Metafolin

bottles & burps

INSTRUCTIONS

- 1. Boil water freshly for each of baby's meals and allow to cool down to 120 degrees Fahrenheit (50 °C).
- 2. Pour boiled water into a clean and sterilized bottle.
- 3. Using the scoop provided with your box of formula (note that spoon sizes vary by brand and even lot), add the correct number of leveled scoops of powder (1 leveled scoop of powder per loz / 30ml of water).
- 4. Close the bottle with the nipple and cap and vigorously shake.
- 5. Cool to drinking temperature (approximately 98 degrees Fahrenheit or ~ 37 °C) and <u>ALWAYS test the temperature of the</u> milk before feeding to avoid scalding or burning your little one.

There are many parents that regularly use distilled water without boiling it prior to mixing, apparently with no negative consequences. We cannot recommend this approach and there are actual reasons even the WHO recommends preboiling tap or distilled water. Watch this video for more insight into this topic.

MIXING AND FEEDING INSTRUCTIONS (HIPP STAGE 1)

AGE	BOTTLES PER DAY	WATER (OZ)	# OF SCOOPS
0 to 2 Weeks	7-8	2	2
3 to 4 Weeks	5-7	3	3
5 to 8 Weeks	5-6	4	4
3-4 Months	5	5	5
5 th Month	4-5	6	6
After 6 Months	4	7	7

DON'T FORGET

- O ONCE YOU HAVE OPENED THE INNER FOIL BAG CONTAINING YOUR FORMULA, YOU SHOULD USE WITHIN 2 WEEKS. AVOID STORING IN AREAS OF HIGH HEAT OR HUMIDITY.
- O IF MIXED FORMULA IS NOT CONSUMED WITHIN AN HOUR, YOU SHOULD DISCARD IT.
- O DO NOT MICROWAVE BOTTLES OR FORMULA.

INGREDIENTS

Organic skimmed milk, organic whey solids, organic vegetable oils (sustainably sourced palm oil, rapeseed oil, sunflower oil), organic starch, organic galacto-oligosaccharides (GOS) from organic lactose, organic lactose, potassium chloride, fish oil (as DHA source), M. alpina oil (as ARA source), choline, L-tyrosine, sodium citrate, sodium selenate, zinc sulfate, calcium carbonate, L-tryptophan, iron sulfate, L-histidine, lactic acid stabilizer, potassium iodate, vitamin C, calcium orthophosphate, natural lactic acid culture (lactobacillus fermentum CECT5716), vitamin E, niacin, pantothenic acid, manganese sulfate, copper sulphate, vitamin A, vitamin Bl, magnesium sulphate, vitamin B6, Calcium L-Methylfolate (i.e. "Metafolin"), vitamin K, vitamin D, biotin, vitamin B12.

Certified organic by EU standards.

HiPP Stage 1 Organic BIO Combiotik Formula (600g) - German
