FAST AND RELIABLE SHIPPING

Consistent, reliable and fast shipping and no surprises or excuses.

SIMPLY THE BEST

Biodynamic, non-GMO, and organic - sometimes less is more.

ALWAYS THERE TO HELP

Customer service just a text message or phone call away, 6 days a week, 18 hours per day.

HIPB2033

HiPP Stage 3 Organic BIO Combiotik Follow-On Formula (600g)

Age: 10 Months & Up

Yield: Approximately 150oz of Formula

HiPP BIO Combiotik Stage 3 is the newly released version of the German version of HiPP German 3. This updated version of the product is recognizable by white droplet with the molecular honeycomb design. Besides minor changes to the packaging, this new formulation has Metafolin, which has far superior bioavailability than the standard synthetic folates used in other baby formula brands (read more here: <https://tinyurl.com/hippmetafolin>).

Also called "Growing Up Milk," this organic follow-on milk is suitable from the 10th month onwards. This growing up milk contains iron for cognitive development, vitamins A, C and D for the immune system and omega-3 (ALA) for brain and nervous system development, beyond other important vitamins and minerals (as required by EU law). Stage 3 helps to satiate baby with selected, organic starches, which also help to make this milk beautifully creamy. Added prebiotics help to soften baby's stool, as with exclusively breastfed babies.

- ✓ Probiotics based on strains found in human breastmilk
- ✓ Vitamins A, C, D for baby's immune system
- ✓ Iron for cognitive development
- ✓ Omegas 3 & 6 for brain & eye development
- ✓ Prebiotics for gut health and softer stool
- ✓ No corn-based sweeteners
- ✓ No maltodextrin
- ✓ Certified organic by EU
- ✓ No gluten
- ✓ No GMOs
- ✓ Now including DHA
- ✓ Now with Metafolin

INSTRUCTIONS

Preparation for all powdered formulas (also consistent with US FDA guidelines):

1. Boil water freshly for each of baby's meals and allow to cool down to 120 degrees Fahrenheit (50 °C).
2. Pour boiled water into a clean and sterilized bottle.
3. Using the scoop provided with your box of formula (note that spoon sizes vary by brand and even lot), add the correct number of leveled scoops of powder (1 leveled scoop of powder per 1oz / 30ml of water).
4. Close the bottle with the nipple and cap and vigorously shake.
5. Cool to drinking temperature (approximately 98 degrees Fahrenheit or ~ 37 °C) and **ALWAYS test the temperature of the milk before feeding to avoid scalding or burning your little one.**

There are many parents that regularly use distilled water without heating it prior to mixing, apparently with no negative consequences. We cannot recommend this approach and there are actual reasons even the WHO recommends pre-boiling tap or distilled water. [Watch this video for more insight into this topic.](#)

DON'T FORGET

- ONCE YOU HAVE OPENED THE INNER FOIL BAG CONTAINING YOUR FORMULA, YOU SHOULD USE WITHIN 2 WEEKS. AVOID STORING IN AREAS OF HIGH HEAT OR HUMIDITY.
- IF MIXED FORMULA IS NOT CONSUMED WITHIN AN HOUR, YOU SHOULD DISCARD IT.
- DO NOT MICROWAVE BOTTLES OR FORMULA.

INGREDIENTS

Organic skimmed milk, organic vegetable oils (sustainably sourced palm oil, rapeseed oil, sunflower oil), organic lactose, organic starch, organic whey solids, organic galacto-oligosaccharides (GOS) from organic lactose, fish oil (as DHA source), calcium carbonate, potassium chloride, calcium orthophosphate, organic emulsifier: soya lecithin, sodium selenate, zinc sulfate, sodium citrate, L-tryptophan, magnesium carbonate, vitamin C, iron sulfate, L-Cysteine, potassium iodate, natural lactic acid culture (Lactobacillus fermentum CECT5716), vitamin E, niacin, pantothenic acid, copper sulphate, vitamin A, vitamin B1, vitamin B6, Calcium L-Methylfolate (i.e. "Metafolin"), manganese sulfate, vitamin K, vitamin D, biotin.

Certified organic by EU standards.
