## HiPP Stage 2 Organic Follow-On Formula 6-12 Months (800g) - Dutch

**Age:** From 6-12 Months

**Yield:** Approximately 201oz of Formula

HiPP Dutch Stage 2 is a certified organic, lactose-based and starch-free formula designed for babies between the ages of 6 and 12 months. This formula is a nutritionally complete formula that you can feed your baby as you continue to introduce more solid foods. Compared to HiPP Dutch Stage 1 (0-6 months), this formula is designed to meet the differing nutritional needs of babies once they hit 6 months of age. As one example, HiPP Dutch Stage 2 contains more iron than Stage 1, given that babies require more iron starting around 6 months of age.

HiPP Dutch Stage 2 contains probiotics to support gut health in addition to prebiotics, which can help soften baby's stool. Additionally, this formula contains added DHA to support brain and nervous system development. As with the other stages of HiPP Dutch that we carry, this formula meets or exceeds all EU requirements for organic certification, which are generally held to be stricter than organic standards in the US.

- ✓ Probiotics based on strains found in human breastmilk
- ✓ Vitamins A, C, D for baby's immune system
- ✓ Iron for cognitive development
- ✓ DHA & ALA for brain & eye development
- ✓ No starch
- ✓ No corn-based sweeteners
- ✓ No maltodextrin
- ✓ Certified organic by EU
- ✓ No gluten
- ✓ No GMOs
- ✓ Prebiotics for softer stool

## INSTRUCTIONS

1. Boil water freshly for each of baby's meals and allow to cool down to 120 degrees Fahrenheit (50 °C).
2. Pour boiled water into a clean and sterilized bottle.
3. Using the scoop provided with your box of formula (note that spoon sizes vary by brand and even lot), add the correct number of leveled scoops of powder (1 leveled scoop of powder per 1oz / 30ml of water).
4. Close the bottle with the nipple and cap and vigorously shake.
5. Cool to drinking temperature (approximately 98 degrees Fahrenheit or ~ 37 °C) and ALWAYS test the temperature of the milk before feeding to avoid scalding or burning your little one.

There are many parents that regularly use distilled water without boiling it prior to mixing, apparently with no negative consequences. We cannot recommend this approach and there are actual reasons even the WHO recommends pre-boiling tap or distilled water. [Watch this video for more insight into this topic.](#)

## MIXING AND FEEDING INSTRUCTIONS (HiPP DUTCH STAGE 2)

WATER (OZ)	# OF SCOOPS
5	5
6	6
7	7

## DON'T FORGET

- ONCE YOU HAVE OPENED THE FORMULA CAN, YOU SHOULD USE WITHIN 2 WEEKS.  
AVOID STORING IN AREAS OF HIGH HEAT OR HUMIDITY.
- IF MIXED FORMULA IS NOT CONSUMED WITHIN AN HOUR, YOU SHOULD DISCARD IT.
- DO NOT MICROWAVE BOTTLES OR FORMULA.

## INGREDIENTS

Organic skimmed milk, organic lactose, organic vegetable oils (palm oil, rapeseed oil, sunflower oil), organic whey product, organic galacto-oligosaccharides (GOS) from organic lactose, fish oil (as DHA source), calcium orthophosphate, potassium chloride, sodium selenate, L-tyrosine, zinc sulfate, L-tryptophan, sodium citrate, calcium carbonate, magnesium carbonate, vitamin C, iron sulfate, L-cysteine, potassium iodate, niacin, natural lactic acid culture (lactobacillus fermentum CECT5716), vitamin E, manganese sulfate, pantothenic acid, copper sulfate, vitamin A, vitamin B1, vitamin B6, Calcium L-Methylfolate (i.e. "Metafolin"), vitamin K, vitamin D, d-Biotin.

Certified organic by EU standards.
